In this madcap journey, a bestselling journalist investigates psychopaths and the industry of doctors, scientists, and everyone else who studies them. The Psychopath Test is a fascinating journey through the minds of madness. Jon Ronson's exploration of a potential hoax being played on the world's top neurologists takes him, unexpectedly, into the heart of the madness industry. An influential psychologist who is convinced that many important CEOs and politicians are, in fact, psychopaths teaches Ronson how to spot these high-flying individuals by looking out for little telltale verbal and nonverbal clues. And so Ronson, armed with his new psychopath-spotting abilities, enters the corridors of power. He spends time with a death-squad leader institutionalized for mortgage fraud in Coxsackie, New York; a legendary CEO whose psychopathy has been speculated about in the press; and a patient in an asylum for the criminally insane who insists he's sane and certainly not a psychopath. Ronson not only solves the mystery of the hoax but also discovers, disturbingly, that sometimes the personalities at the helm of the madness industry are, with their drives and obsessions, as mad in their own way as those they study. And that relatively ordinary people are, more and more, defined by their maddest edges. What happens when crazy becomes real? At twenty-two, Grace Avalon left her body to be swept into luminous kaleidoscopic light bearing images of places she'd never seen. Escaping from her abusive life, in joyous laughter she surrendered to the light. Her husband placed her in a mental hospital-over twenty years the places in her euphoric visions actually came true. Marianne Williamson, author of Return to Love, has said, "Grace Avalon inspires all of us to trust the wisdom of our hearts. Here is spirituality in practice." THANK GOD I'M CRAZY is an other-worldly confession, as Grace is led out of a secret life of physical, emotional, and sexual abuse, and experiences deep healing when overcome by flashbacks of blocked abuse, including past lives-all connecting the dots to her soul. Guided by her inner voice, Grace realizes a compass was fixed within her for her path out of abuse . . . back to herself. Everyone can hear their own inner voice and everyone's symbolic messengers are different. Spirituality is our gift . . . it's as normal as breathing. No matter how bad it gets, each painful challenge is a doorway to a greater self, another way. When we are in joy, we have found our truth. You will never see life the same again.Kyle Cease, comedian, transformational entertainer, says, ""I recommend Thank God I'm Crazy to anyone who wants to learn to love life right now." Follow along an incredible journey outside the boundaries of ordinary perception, and allow for the possibility of pure wonder. On these pages, one can discover and celebrate the love, peace and innocence to be found within. Grace's path out of hell also becomes a demonstration ofA COURSE IN MIRACLES (spiritual philosophy) made practical. Included also, are pictures of places which actually occurred, as seen in her visions The Edward Clown family, nearest living relatives to the Lakota war leader, presents the family tales and memories told to them about their famous grandfather. In many ways the oral history differs from what has become the standard and widely accepted biography of Crazy Horse. The family clarifies the inaccuracies and shares their story about the past, including what it means to them to be Lakota, the family genealogy, the life of Crazy Horse and his motivations, his death, and why they chose to keep quiet with their knowledge for so long before finally deciding to tell the truth as they know it. This book is a compelling addition to the body of works about Crazy Horse and the complicated and often conflicting events of that time period in American History. Floyd Clown, Doug War Eagle, and Don Red Thunder are the sole administrators and spokesmen of the Crazy Horse estate and often speak at historical gatherings and national parks about their family's history. William Matson has produced and directed an award-winning video, Sitting Bull's Voice, as well as the two-part video series, The Authorized Biography of Sitting Bull by His Great-Grandson, and the four-part video series, The Authorized Biography of Crazy Horse and His Family. He regularly speaks about these videos and their content at film festivals and has been working with the Crazy Horse family since 2001 to tell their story. An account of the legendary battle, told from a Lakota perspective, documents key Lakota oral traditions to reveal the nuanced complexities that led up to and followed the conflict. Drawing on vivid oral histories, Joseph M. Marshall's intimate biography introduces a never-before-seen portrait of Crazy Horse and his Lakota community Most of the world remembers Crazy Horse as a peerless warrior who brought the U.S. Army to its knees at the Battle of Little Bighorn. But to his fellow Lakota Indians, he was a dutiful son and humble fighting man who—with valor, spirit, respect, and unparalleled leadership—fought for his people's land, livelihood, and honor. In this fascinating biography, Joseph M. Marshall, himself a Lakota Indian, creates a vibrant portrait of the man, his times, and his legacy. Thanks to firsthand research and his culture's rich oral tradition (rarely shared outside the Native American community), Marshall reveals many aspects of Crazy Horse's life, including details of the powerful vision that convinced him of his duty to help preserve the Lakota homeland—a vision that changed the course of Crazy Horse's life and spurred him confidently into battle time and time again. The Journey of Crazy Horse is the true story of how one man's fight for his people's survival roused his true genius as a strategist, commander, and trusted leader. And it is an unforgettable portrayal of a revered human being and a profound celebration of a culture, a community, and an enduring way of life. "Those wishing to understand Crazy Horse as the Lakota know him won't find a better accout than Marshall's." -San Francisco Chronicle A Spur Award-winning retelling of the Battle of the Big Horn finds Lakota Sioux leader Crazy Horse endeavoring to reconcile his own beliefs with the wisdom of his tribe and leading his people into a conflict against General Custer and the U.S. Army. Reprint. 15,000 first printing. A fascinating look at Lakota lifeways and history through the voices of medicine men and White Hat's personal stories Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Lakota world was a far-reaching territory that was home to the Lakota people. The life path for sons flowed in two directions that were closely linked to each other: every boy grew up to be a hunter and a warrior, a provider and a protector. #2 The father sang a welcoming song for his new son. The journey began. #3 The son of Crazy Horse and Rattling Blanket Woman was no different than any Lakota child, except in one way. He had thick, shiny black hair that stayed black for most of his adulthood. #4 The Lakota people had a tradition of giving children names that reflected their characteristics. When a boy had brown hair and the color of his skin was lighter than usual, it meant trouble. But his mother gave him a name that would help him blend in with the other children. Sound familiar? 1. You spot a cute boy (we'll call him Boy A). 2. You dream about Boy A. 3. You do whatever it takes to make Boy A notice you. 4. Even though Boy A doesn't pursue you, you hang on to your dream of Boy A until he (a) moves to the North Pole with no access to a cell phone or computer, (b) dies and is buried or cremated, or (c) begins dating another girl. 5. You mend your broken heart by hating Boy A and finding another cute boy (Boy B). You replace Boy A with Boy B and begin all over again . . . Paula has gone through an entire alphabet—and more—of boys over the years. As she shares her journal entries and stories—the good, the bad, and the ugly—you'll be encouraged to trust God with your love life and buckle up for the ride! Written for teen girls, Confessions of a Boy-Crazy Girl will help you on your own journey from neediness to freedom. Part of the True Woman publishing line, whose goal is to encourage women to exude God's beauty by embracing his design for womanhood NEW YORK TIMES BESTSELLER • The “exquisitely researched and deeply engrossing” (The New York Times) true survival story of an early polar expedition that went terribly awry—with the ship frozen in ice and the crew trapped inside for the entire sunless, Antarctic winter “The energy of the narrative never flags. . . . Sancton has produced a thriller.”—The Wall Street Journal In August 1897, the young Belgian commandant Adrien de Gerlache set sail for a three-year expedition aboard the good ship Belgica with dreams of glory. His destination was the uncharted end of the earth: the icy continent of Antarctica. But de Gerlache's plans to be first to the magnetic South Pole would swiftly go awry. After a series of costly setbacks, the commandant faced two bad options: turn back in defeat and spare his men the devastating Antarctic winter, or recklessly chase fame by sailing deeper into the freezing waters. De Gerlache sailed on, and soon the Belgica was stuck fast in the icy hold of the Bellingshausen Sea. When the sun set on the magnificent polar landscape one last time, the ship's occupants were condemned to months of endless night. In the darkness, plagued by a mysterious illness and besieged by monotony, they descended into madness. In Madhouse at the End of the Earth, Julian Sancton unfolds an epic story of adventure and horror for the ages. As the Belgica's men teetered on the brink, de Gerlache relied increasingly on two young officers whose friendship had blossomed in captivity: the expedition's lone American, Dr. Frederick Cook—half genius, half con man—whose later infamy would overshadow his brilliance on the Belgica; and the ship's first mate, soon-to-be legendary Roald Amundsen, even in his youth the storybook picture of a sailor. Together, they would plan a last-ditch, nearly certain-to-fail escape from the ice—one that would either etch their names in history or doom them to a terrible fate at the ocean's bottom. Drawing on the diaries and journals of the Belgica's crew and with exclusive access to the ship's logbook, Sancton brings novelistic flair to a story of human extremes, one so remarkable that even today NASA studies it for research on isolation for future missions to Mars. Equal parts maritime thriller and gothic horror, Madhouse at the End of the Earth is an unforgettable journey into the deep. Jimmy McClean is a Lakota boy—though you wouldn't guess it by his name: his father is part white and part Lakota, and his mother is Lakota. When he embarks on a journey with his grandfather, Nyles High Eagle, he learns more and more about his Lakota heritage—in particular, the story of Crazy Horse, one of the most important figures in Lakota and American history. Drawing references and inspiration from the oral stories of the Lakota tradition, celebrated author Joseph Marshall III juxtaposes the contemporary story of Jimmy with an insider's perspective on the life of Tasunke Witko, better known as Crazy Horse (c. 1840–1877). The book follows the heroic deeds of the Lakota leader who took up arms against the US federal government to fight against encroachments on the territories and way of life of the Lakota people, including leading a war party to victory at the Battle of the Little Bighorn. Along with Sitting Bull, Crazy Horse was the last of the Lakota to surrender his people to the US army. Through his grandfather's tales about the famous warrior, Jimmy learns more about his Lakota heritage and, ultimately, himself. American Indian Youth Literature Award A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit. "Sometimes a story comes along that just plain makes you want to hug the world. The Remarkable Journey of Coyote Sunrise is Dan Gemeinhart's finest book yet — and that's saying something. Your heart needs this joyful miracle of a book." — Katherine Applegate, acclaimed author of The One and Only Ivan and Wishtree Five years. That's how long Coyote and her dad, Rodeo, have lived on the road in an old school bus, criss-crossing the nation. It's also how long ago Coyote lost her mom and two sisters in a car crash. Coyote hasn't been home in all that time, but when she learns that the park in her old neighborhood is being demolished—the very same park where she, her mom, and her sisters buried a treasured memory box—she devises an elaborate plan to get her dad to drive 3,600 miles back to Washington state in four days...without him realizing it. Along the way, they'll pick up a strange crew of misfit travelers. Lester has a lady love to meet. Salvador and his mom are looking to start over. Val needs a safe place to be herself. And then there's Gladys... Over the course of thousands of miles, Coyote will learn that going home can sometimes be the hardest journey of all...but that with friends by her side, she just might be able to turn her “once upon a time” into a “happily ever after.” Drawing on vivid oral histories, Joseph M. Even though her mother, Cecile, abandoned her and her younger sisters, Vonetta and Fern, seven years ago. Even though her father and Big Ma will send them from Brooklyn to Oakland, California, to stay with Cecile for the summer. And even though Delphine will have to take care of her sisters, as usual, and learn the truth about the missing pieces of the past. When the girls arrive in Oakland in the summer of 1968, Cecile wants nothing to do with them. She makes them eat Chinese takeout dinners, forbids them to enter her kitchen, and never explains the strange visitors with Afros and black berets who knock on her door. Rather than spend time with them, Cecile sends Delphine, Vonetta, and Fern to a summer camp sponsored by a revolutionary group, the Black Panthers, where the girls get a

radical new education. Set during one of the most tumultuous years in recent American history, one crazy summer is the heartbreaking, funny tale of three girls in search of the mother who abandoned them—an unforgettable story told by a distinguished author of books for children and teens, Rita Williams-Garcia. Who’s Crazy? What does it mean to be crazy? Is using the word crazy offensive? What happens when such a label gets attached to your everyday experiences? In order to understand mental health, we need to talk openly about it. Because there’s no single definition of crazy, there’s no single experience that embodies it, and the word itself means different things—wild? extreme? disturbed? passionate?—to different people. (Don’t) Call Me Crazy is a conversation starter and guide to better understanding how our mental health affects us every day. Thirty-three writers, athletes, and artists offer essays, lists, comics, and illustrations that explore their personal experiences with mental illness, how we do and do not talk about mental health, help for better understanding how every person’s brain is wired differently, and what, exactly, might make someone crazy. If you’ve ever struggled with your mental health, or know someone who has, come on in, turn the pages, and let’s get talking. Joseph M. Marshall’s thoughtful, illuminating account of how the spiritual beliefs of the Lakota people can help us all lead more meaningful, ethical lives. Rich with storytelling, history, and folklore, *The Lakota Way* expresses the heart of Native American philosophy and reveals the path to a fulfilling and meaningful life. Joseph Marshall is a member of the Sicunga Lakota Sioux and has dedicated his entire life to the wisdom he learned from his elders. Here he focuses on the twelve core qualities that are crucial to the Lakota way of life—bravery, fortitude, generosity, wisdom, honor, respect, perseverance, love, humility, sacrifice, truth, and compassion. Whether teaching a lesson on respect imparted by the mythical Deer Woman or the humility embodied by the legendary Lakota leader Crazy Horse, *The Lakota Way* offers a fresh outlook on spirituality and ethical living. For fans of *Open Book* and *Sell It Like Serhan*, a heartfelt, humorous personal memoir and relatable guide to overcoming obstacles, wising up about romance, and getting ahead in your career from the star of Netflix’s hit reality show *Selling Sunset*. In this engaging, witty, and inspirational memoir, Chrishell Stause shares her story of living an unconventional childhood in small-town Kentucky marked by periods of homelessness, family addiction struggles, and dreams of one day being on a daytime soap, all while managing the local Dairy Queen. Through resilience and grit, she overcame obstacles and pushed past every barrier in her path to become one of the most envied luxury realtors in Los Angeles and buzzworthy cast members in reality TV. She takes us behind the scenes of *Selling Sunset*, reveals never-before-told stories from her life in soaps, and even pulls back the curtain on her highly publicized love life, offering insight not before shared. With her signature honesty and charm, Stause also gives tangible advice based on the lessons she’s learned over the years and offers unique insight about how to stay resilient and positive no matter how many times life knocks you down. Under Construction is for anyone who wants to remember that no matter what happens or how, you have to get up, dress up, and show up, and walk back into the room stronger than ever before. The perfect gift for music lovers and Neil Young fans, telling the story behind Neil Young’s legendary career and his iconic, beloved songs. “I think I will have to use my time wisely and keep my thoughts straight if I am to succeed and deliver the cargo I so carefully have carried thus far to the outer reaches.”—Neil Young, from *Waging Heavy Peace* Legendary singer and songwriter Neil Young’s storied career has spanned over forty years and yielded some of the modern era’s most enduring music. Now for the first time ever, Young reflects upon his life—from his Canadian childhood, to his part in the sixties rock explosion with Buffalo Springfield and Crosby, Stills, Nash & Young, through his later career with Crazy Horse and numerous private challenges. An instant classic, *Waging Heavy Peace* is as uncompromising and unforgettable as the man himself. “A magnificent gift to those of us who love someone who has a mental illness...Earley has used his considerable skills to meticulously research why the mental health system is so profoundly broken.”—Bebe Moore Campbell, author of *72 Hour Hold* Former Washington Post reporter Pete Earley had written extensively about the criminal justice system. But it was only when his own son—in the throes of a manic episode—broke into a neighbor’s house that he learned what happens to mentally ill people who break a law. This is the Earley family’s compelling story, a troubling look at bureaucratic apathy and the countless thousands who suffer confinement instead of care, brutal conditions instead of treatment, in the “revolving doors” between hospital and jail. With mass deinstitutionalization, large numbers of state mental patients are homeless or in jail—an experience little better than the horrors of a century ago. Earley takes us directly into that experience—and into that of a father and award-winning journalist trying to fight for a better way. With the Great Sioux War as background and context, and drawing on many new materials, Thomas Powers establishes what really happened in the dramatic final months and days of Crazy Horse’s life. He was the greatest Indian warrior of the nineteenth century, whose victory over General Custer at the battle of Little Bighorn in 1876 was the worst defeat ever inflicted on the frontier army. But after surrendering to federal troops, Crazy Horse was killed in custody for reasons which have been fiercely debated for more than a century. *The Killing of Crazy Horse* pieces together the story behind this official killing. You are a Survivor from Day One On the heels of the acclaimed Learning Channel documentary and best-selling survival guidebook *Crazy Sexy Cancer Tips* comes this survivor’s companion. In *Crazy Sexy Cancer Tips* Kris Carr and her posse of Cancer Babes shared their wealth of insights, tricks, how-tos, and hell yeahs for living life with cancer. "Focusing on Thompson's influences, development, and unique model of authorship, *Savage Journey* argues that his literary formation was largely a San Francisco story. During the 1960s, Thompson rode with the Hell's Angels, explored the San Francisco counterculture, and met talented editors who shared his dissatisfaction with mainstream journalism. Author Peter Richardson traces Thompson's transition during this time from *New Journalist* to cofounder of *Gonzo* journalism. He also endorses Thompson's later claim that he was one of the best writers using the English language as both a musical instrument and a political weapon. Although Thompson's political commentary was often hyperbolic, Richardson shows that much of it was also prophetic"-- "This production offers an engaging, original way for children to learn about a Native American hero. Renowned Abenaki author Bruchac has selected interesting facts that reveal how a young boy is transformed into brave Crazy Horse. ..." AudioFile Magazine Parallel to *An Unquiet Mind* and *The Glass Castle*, a deeply personal memoir calling for the destigmatization of mental illness Marco Pasanella's behind-the-scenes memoir through the world of wine will captivate wine lovers with its story of one man who decided, at age 43, to change his life by opening a wine shop. As *Kitchen Confidential* and *Waiter Rant* explored the front and back of the house at restaurants, *Uncorked* offers a peek behind the curtain of the wine world. Pasanella takes the reader into the underbelly of his store and the industry, which is steeped in history yet fanatical about technology and brimming with larger-than-life personalities. Infused with rich details of his historic waterfront building in New York City and his sojourns to Tuscany, Pasanella's memoir is one of transformation through a project many fantasize about but few commit to. A colorful cast of characters rounds out this fascinating journey through the world of wine. When Mark Heyward first went to Indonesia, to teach at a small school in East Kalimantan, little did he realise how life changing his decision would prove to be. Within three years his Australian life would be behind him and he would be travelling, with fellow adventurers, across remote Indonesian Borneo. The story of that remarkable expedition ? a true travel adventure – coalesces with the author’s longer journey into the complex heart of Indonesia. It is a journey that spans two decades, that takes the reader from a treasured childhood in Tasmania to a new life in the world’s most populous Muslim nation. Along the way the author travels from one end of the archipelago to the other, from the jungles of Kalimantan to the riots and political turmoil of Jakarta. When he meets and falls in love with Sopan, he must make another life changing decision. 50th Anniversary Edition • With an introduction by Cait Weaver, acclaimed New York Times journalist This cult classic of gonzo journalism is the best chronicle of drug-soaked, addle-brained, rollicking good times ever committed to the printed page. It is also the tale of a long weekend road trip that has gone down in the annals of American pop culture as one of the strangest journeys ever undertaken. Also a major motion picture directed by Terry Gilliam, starring Johnny Depp and Benicio del Toro. The ultimate girlfriends guide to kicking cancer's tail. Part memoir, part tips, tricks and secrets, this handbook will educate you and make you feel like you're not alone. The Learning Channel broadcast the premiere of Carr's unforgettable documentary, *Crazy Sexy Cancer* on August 29, 2007. Sam and Dave are sure they will discover something exciting if they just keep digging their hole. A New York Times Book Review Editors’ Choice "Inferno is a disturbing and masterfully told memoir, but it’s also an important one that pushes back against powerful taboos. . ." --The New York Times Book Review "Explosive" --Good Morning America "Sublime" --Bookpage (starred review) When Catherine Cho and her husband set off from London to introduce their newborn son to family scattered across the United States, she could not have imagined what lay in store. Before the trip’s end, she develops psychosis, a complete break from reality, which causes her to lose all sense of time and place, including what is real and not real. In desperation, her husband admits her to a nearby psychiatric hospital, where she begins the hard work of rebuilding her identity. In this unwaveringly honest, insightful, and often shocking memoir Catherine reconstructs her sense of self, starting with her childhood as the daughter of Korean immigrants, moving through a traumatic past relationship, and on to the early years of her courtship with and marriage to her husband, James. She masterfully interweaves these parts of her past with a vivid, immediate recounting of the days she spent in the ward. The result is a powerful exploration of psychosis and motherhood, at once intensely personal, yet holding within it a universal experience – of how we love, live and understand ourselves in relation to each other. Podcaster and former TMZ host Van Lathan Jr. writes a sharp, funny, and brutally honest, cultural critique of the unspoken obstacles and extreme anxiety that keep us from maintaining good health in America’s “wellness waistland,” explored through vignettes about his mental health and weight loss journey as a Black man. A formerly chubby kid who self-identified for much of his life as “the fat friend,” media personality and podcast host Van Lathan Jr. has struggled with physical and mental health his entire life. He was used to being his besties’ wing man on the dating scene, the slack bench dweller at the gym, and his mother’s biggest fan at every meal, especially whenever she served up her infamous mac and cheese with five different kinds of cheese. At 365 lbs, Van hated being fat so much, he found it harder than being Black! After dedicating years to improving his physical and mental health, with many ups and downs, in 2020 Van found himself in a shared slump with other Americans when the Covid-19 pandemic hit and the George Floyd video was released—suddenly he was surrounded by carbs galore, binge-ing everything, feeling non-stop exhaustion, and crippling waves of anxiety and depression. Fat, Crazy, and Tired isn't just about Van's ultimately unsuccessful journey to an Instagram-able body and zen; it's about the unspoken personal battlefield of attaining and maintaining what Americans deem as good health. He explores the real reasons behind our unending physical and mental health battles—culture, family, and the baggage of life—and demonstrates how we can better understand our bodies by better understanding ourselves. He takes it back to his southern upbringing in Baton Rouge, opens up about how being “the Black guy” at work at TMZ overshadowed his identity, and shares how he holds up to survive the madness. “Detox” cleanses? Weight loss pills? Celery juice? No, thank you. Unlike the self-help gurus that push you to go “all or nothing” and “keep it 100,” Van wants you to be happier and healthier at 50% without totally admonishing yourself to get there. Packed with double doses of humor Fat, Crazy, and Tired shares abrutally honest cultural critique of mental health and our weight loss obsession in what he dubs America’s “wellness waistland.” There are over seven million horses in America -- even more than when they were the only means of transportation. Nir began riding horses when she was just two years old and hasn't stopped since. This is her funny, moving love letter to these graceful animals and the people who are obsessed with them. She takes us into the lesser-known corners of the riding world and profiles some of its most captivating figures, and speaks candidly of how horses have helped her overcome heartbreak and loss. A much-praised memoir of living and surviving mental illness as well as "a stereotype-shattering look at a tenacious woman whose brain is her best friend and her worst enemy" (Time). Elyn R. Saks is an esteemed professor, lawyer, and psychiatrist and is the Orrin B. Evans Professor of Law, Psychology, Psychiatry, and the Behavioral Sciences at the University of Southern California Law School, yet she has suffered from schizophrenia for most of her life, and still has ongoing major episodes of the illness. The Center Cannot Hold is the eloquent, moving story of Elyn's life, from the first time that she heard voices speaking to her as a young teenager, to attempted suicides in college, through learning to live on her own as an adult in an often terrifying world. Saks discusses frankly the paranoia, the inability to tell imaginary fears from real ones, the voices in her head telling her to kill herself (and to harm others), as well as the incredibly difficult obstacles she overcame to become a highly respected professional. This beautifully written memoir is destined to become a classic in its genre. A “raw and honest” (Los Angeles Review of Books) memoir from the first Native American Poet Laureate of the United States. In this transcendent memoir, grounded in tribal myth and ancestry, music and poetry, Joy Harjo details her journey to becoming a poet. Born in Oklahoma, the end place of the Trail of Tears, Harjo grew up learning to dodge an abusive stepfather by finding shelter in her imagination, a deep spiritual life, and connection with the natural world. Narrating the complexities of betrayal and love, *Crazy Brave* is a haunting, visionary memoir about family and the breaking apart necessary in finding a voice. The first comprehensive history of the Lakota Indians and their profound role in shaping America's history Named One of the New York Times Critics' Top Books of 2019 - Named One of the 10 Best History Books of 2019 by Smithsonian Magazine - Winner of the MPIBA Reading the West Book Award for narrative nonfiction "Turned many of the stories I thought I knew about our nation inside out."--Cornelia Channing, Paris Review, Favorite Books of 2019 "My favorite non-fiction book of this year."--Tyler Cowen, Bloomberg Opinion "A brilliant, bold, gripping history."--Simon Sebag Montefiore, London Evening Standard, Best Books of 2019 "All nations deserve to have their stories told with this degree of attentiveness"--Parul Sehgal, New York Times This first complete account of the Lakota Indians traces their rich and often surprising history from the early sixteenth to the early twenty-first century. Pekka Hämäläinen explores the Lakotas' roots as marginal hunter-gatherers and reveals how they reinvented themselves twice: first as a river people who dominated the Missouri Valley, America's great commercial artery, and then--in what was America's first sweeping westward expansion--as a horse people who ruled supreme on the vast high plains. The Lakotas are imprinted in American historical memory. Red Cloud, Crazy Horse, and Sitting Bull are iconic figures in the American imagination, but in this groundbreaking book they emerge as something different: the architects of Lakota America, an expansive and enduring Indigenous regime that commanded human fates in the North American interior for generations. Hämäläinen's deeply researched and engagingly written history places the Lakotas at the center of American history, and the results are revelatory. The latest installment of the multimillion-selling *Killing* series is a gripping journey through the American West and the historic clashes between Native Americans and settlers. The bloody Battle of Tippecanoe was only the beginning. It’s 1811 and President James Madison has ordered the destruction of Shawnee warrior chief Tecumseh’s alliance of tribes in the Great Lakes region. But while General William Henry Harrison would win this fight, the armed conflict between Native Americans and the newly formed United States would rage on for decades. Bestselling authors Bill O’Reilly and Martin Dugard venture through the fraught history of our country’s founding on already occupied lands, from General Andrew Jackson’s brutal battles with the Creek Nation to President James Monroe’s epic “sea to shining sea” policy, to President Martin Van Buren’s cruel enforcement of a “treaty” that forced the Cherokee Nation out of their homelands along what would be called the Trail of Tears. O’Reilly and Dugard take readers behind the legends to reveal never-before-told historical moments in the fascinating creation story of America. This fast-paced, wild ride through the American frontier will shock readers and impart unexpected lessons that reverberate to this day. "Crazy Free - An Epic Spiritual Journey" is the true story of one woman's solo adventure, over 15,000 miles by road, 2,660 miles on foot and 444 miles by kayak, with a side trip to the foot of the Indian Himalayas. A journey of exploration, transformation and awakening.
